

INCOME TAX MAY PASS THE SENATE BY A SMALL MARGIN

UMMINS AND BAILEY FRAME UP A DEAL THAT MAY BEAR FRUIT.

PROSPECTS ARE NOT FLATTERING

President Would Probably Work Against Proposed Law—His Influence Greatly Dreaded—Some Work To Be Done in Conference.

WASHINGTON, June 14.—A prominent Democratic Senator said that he believed the vote on the income tax amendment would be exceedingly close, and if the minority side voted solidly it had a good chance of passing. He was not sure, however, that all of the Democrats would vote for the tax, as one, if not two, were exceedingly doubtful. While he would not name the doubtful ones, they are believed to be the Senators from Louisiana. The Senator said that there are at least a dozen on his side who had no faith that the income tax feature, even if adopted, would be sustained by the Supreme Court. The Supreme Court, as he said, takes a great pride in sustaining precedents, and it is very rare that it reverses itself.

Senator Bailey, of Texas, and Senator Cummins, of Iowa, the joint leaders in the fight for the amendment of the Payne-Aldrich tariff bill by the imposition of a tax of 2 per cent. on incomes exceeding \$5,000, both expressed confidence today that when the vote is taken Friday they will have a majority of the Senate. Each of them claims to have made a careful canvass of the Senate resulting favorably. Senator Aldrich, of Rhode Island, the Republican leader, rarely has anything to say in the nature of a prediction, but it is stated, that he believes he can muster a sufficient number of votes to either defeat it, refer it to committee, or, in lieu of that, bring in some substitute proposition, such as a tax on the profits of corporations. The strongest force against an income tax is the President of the United States, who, before the week is out, will probably be actively engaged in the effort to pick votes from the ranks of the income tax advocates. The income tax advocates fear this force more than anything else.

There is considerable hope in Republican circles of the Senate that with the income tax disposed of, the bill can be promptly passed by the Senate and thrown into conference. Out side of the income tax, probably the main points in dispute are hides and wool pulp. Senator Aldrich will probably win in the Senate by placing the Dingley rates of 15 per cent. on hides. The House went for free hides by an overwhelming vote. The upshot of the matter will probably be that a compromise will be effected in conference reducing the 15 per cent. duty to 7 or 10 per cent. The House leaders claim, however, that they will force the Senate to yield for free hides.

As to wool pulp, Representative Tawney, of Minnesota, the chairman of the Appropriation Committee, and one of the most influential of the House leaders, said this morning that he thought the House rate would finally win against the proposed Senate increase.

The Dingley act passed the Senate on July 7 and was approved by President McKinley on July 24, making a little over two weeks in conference. The leaders believe they will be able to conclude the present bill within, at most, two weeks, which should put adjournment by Independence day, in the event nothing unexpected takes place. The Conference Committee will probably be composed of eight men from each branch of Congress, five Republicans and three Democrats. There has been much speculation as to who will compose the Conference Committee. Ordinarily they are ap-

pointed according to seniority on the Ways and Means and Finance Committees. This will be followed in the Senate, but there may be some change in the House. According to seniority the Republican House conferees would consist of Representatives Payne, Dalzell, McCall, Hill and Boutell, of Illinois. This alignment leaves the Far West without representation and gives the Middle West only one member—Mr. Boutell—who is not at all satisfactory to the Middle West "insurgents."

There is therefore some talk about displacing either Mr. Hill or Mr. McCall and make way for some member from the Far West, such as Representative Needham, of California. Another reason given for this is that both McCall and Hill are disposed to make substantial reductions in the tariff, and it is feared that they might join with the Democrats on certain votes. This is particularly true of McCall, who is in favor of free raw materials of all sorts. Hill is not so radical, but he has often been an "insurgent" and is not entirely trusted by organization men. The fear of the leaders is that if they leave Mr. Hill off the committee he will cause them much more difficulty on the floor. The Democratic members of the House on the Conference Committee will be Representative Clark, of Missouri; Representative Underwood, of Alabama, and Representative Griggs, of Georgia.

CAMP WRECKED BY LIGHTNING

THREE MEN KILLED AND A NUMBER SERIOUSLY INJURED—PHYSICIANS RUSHED TO SCENE.

MEMPHIS, Tenn., June 14.—Almost the entire superintending force on the construction work of the new Mateo Valley railway was either wiped out or badly injured by a lightning stroke Sunday night. A terrible rainstorm was raging and the men were all in one tent in the construction camp near Carlisle, Ark.

The camp was pitched on the open prairie, and the meagre accounts indicate that the men, in order to strengthen their tent against the fierce winds and heavy sheets of rain, had put on heavy wires as additional guys. Suddenly the entire camp seemed to be one great blaze and when the eyes of the others in it became again used to the darkness it was noticed that the chief's tent had disappeared. The flash had consumed it instantaneously, killing Dan Murphy, first assistant to the chief engineer of the road; two brothers by the name of Smith, occupation not stated, but believed to be road men; fatally injuring William Walters, engineer's aid, since reported dead, and badly injuring Jim Doyle and two others not named. Physicians were hurried through the storm from Carlisle, three miles distant and rendered what aid they could.

WOMAN JEALOUS OF HER HUSBAND

FEMALE NASHVILLIAN ATTEMPTS TO SHOOT HER BETTER HALF. WON'T PROSECUTE.

NASHVILLE, Tenn., June 14.—Being extremely jealous of her husband's attentions to Miss Myrtle Barlett of Shelbyville, Ky., Mrs. Emma Ashbrooks, wife of B. D. Ashbrooks, a local insurance man, accosted the couple at Glendale park at 4 o'clock Sunday afternoon and endeavored to shoot one or both with a revolver she drew from her handbag, according to the theory of Mr. Ashbrooks. As she approached with drawn pistol, Mr. Ashbrooks caught her wrist and disarmed her. She was not able to fire, and it is probable that a tragedy was thus averted.

Divorce proceedings between the Ashbrooks are pending. It is said that when Mrs. Ashbrooks heard her husband was at the park with the young lady, who was an old friend, she started to locate the couple. After being disarmed, Mrs. Ashbrooks was held by her husband until the arrival of an officer. She was taken to the county jail, and soon made bond in the sum of \$500 on the charge of carrying a pistol. Her husband stated that he would not prosecute her.

BABB REMAINS AT BLUFF CITY

MEMPHIS, Tenn., June 12.—All doubts about Charlie Babb's future was dispelled Friday night at a formal meeting of the directors of the club, when it was agreed to allow the fate of the club to remain in his hands. Many changes are anticipated, but Babb has been given carte blanche to pick his future team. It had been said that Babb would be deposed.

WOULDN'T CALL NEGRESS "MISS"

BISHOP LAMPTON'S DAUGHTER DEMANDED THE USE OF A HANDLE TO HER NAME.

MEMPHIS, Tenn., June 14.—Indignation over the determined efforts of a negress to force white women to address her as "Miss" came to a head in Greenville, Miss., Sunday night, and the climax resulted in the hasty departure from that city of the family of E. W. Lampton, bishop of the African Methodist Episcopal church. The negress who caused the trouble is the nearly grown daughter of Bishop Lampton. For some time past she has insisted that the prefix be given her by saleswomen in the various stores, and by telephone operators. Saturday the negress was unusually insistent in the matter, and after sharp words addressed to one of the operators, declared that her father would force white hirelings to speak to her in a becomingly respectful manner.

Shortly after this threat, Lampton called at the telephone exchange, and in an interview with the manager demanded that all the young women employees there be forced to address his daughter as Miss Lampton.

The manager declined to issue any such order, and on his making the interview known, an indignation meeting was held by the citizens, and Lampton was given a few hours to take his family from the city. They departed promptly, the girl for Oberlin, O., and Lampton for Cincinnati.

TWO SCULPTORS VISIT COLUMBIA

WILL MAKE MODELS OF CARMACK STATUE—BOTH ARE CAPABLE ARTISTS.

Pompeo Coppini, a celebrated sculptor of Chicago, is here to make a model for the memorial to be erected to Senator Carmack. Mr. Coppini has just completed a handsome statue to Gen. John H. Morgan at Lexington, Ky., which has been accepted and is pronounced one of the finest equestrian statues in the south. Mr. Coppini will get photographs and data here and will return to Chicago to make his model for the Carmack statue.

S. Ashbjornsen, a prominent sculptor, also of Chicago, is here to make a model for the Carmack memorial. Mr. Ashbjornsen is connected with the McNeil Marble Co. of Columbia and will do his work here, having secured a studio from the Misses Walker on South Garden street. Mr. Ashbjornsen has done some of the best work throughout this country and comes with highest testimonials.

YELLOW JACKETS ATTEND CHURCH

AND AFTER APPLYING THEIR STINGERS VIGOROUSLY HAVE UNDISPUTED POSSESSION.

BOSTON, Ga., June 14.—A great revival meeting in progress at the Baptist church here Sunday was broken up by the swarming of yellowjackets, which had nests in the pulpit. The services were at high tension, the preachers being engaged in calling sinners to the mourner's bench, when the yellowjackets began to dart out from their nests and sting saints and sinners alike. In a few minutes there seemed to be thousands of the yellow insects flying about the church and darting their stingers into the congregation.

The preacher was one of the first to be stung, and the pain put a stop to his exhortation. The women screamed when struck by the yellowjackets, and many of the men said things that had no churchly sound.

After standing for the stinging a few moments the congregation got into a panic and bolted from the church, leaving the sacred edifice in possession of the yellowjackets.

GAME WARDEN WINS CONTEST

CHANCELLOR ALLISON HOLDS THAT COL. ACKLEN CAN STAY ON HIS JOB.

Special to The Herald.
NASHVILLE, Tenn., June 14.—Chancellor Allison today held that the new game law passed by the last general assembly is unconstitutional and void and that the contentions of Col. Acklen that the bill contains two subjects is well taken. The chancellor did not discuss all the points of attack but confined himself mainly to this one. The chancellor expressed regret that he could not carry out the evident intentions of the legislature, but that he was constrained to hold the act invalid. The case was appealed.

NEW ELECTION BOARD IS DECLARED LEGAL BY CHANC. ALLISON

PROPS KNOCKED OUT FROM UNDER OLD BOARD BY THE DECISION.

INJUNCTION FLATLY DENIED

Even if General Assembly Election Was Invalidated That of Secretary of State, Treasurer and Comptroller Holds.

Special to The Herald.

NASHVILLE, Tenn., June 14.—Chancellor John Allison this morning rendered his decision in the injunction proceedings of the state board of election vs. the board appointed under the act of 1909. The decision is in favor of the defendants, holding that the act of 1909 amending the act of 1907 is, as a whole, constitutional. The chancellor expressed grave doubt as to the validity of the election of the new board by the general assembly under the act of 1909, but held that if the election was in any manner illegal, the illegality is cured by the election of the same board by the secretary of state, comptroller and treasurer. The temporary injunction asked for is denied. The case will be appealed.

SHELBYVILLE AFTER THE NORMAL SCHOOL

SHELBYVILLE, Tenn., June 14.—The Board of Mayor and Aldermen met Saturday and unanimously appropriated \$50,000 toward securing the Middle Tennessee Normal School, authorized by the Legislature. It is next to certain, too, that the County Court will, at its July term, supplement the action of the town authorities by adding \$100,000. So that Shelbyville and Bedford county stand ready to offer \$150,000, besides valuable grounds and many natural advantages toward securing the school.
